INDEPENDENT AUDITOR'S REPORT

February 2, 2007

Board of Trustees Charlevoix Township Hospital Finance Authority Charlevoix, Michigan

We have audited the accompanying financial statements of the governmental activities and the major fund of Charlevoix Township Hospital Finance Authority of Charlevoix, Michigan, as of and for the year ended December 31, 2006, which collectively comprise the Authority's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of Charlevoix Township Hospital Finance Authority as of December 31, 2006, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis, as identified in the table of contents, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Management's Discussion & Analysis February 2, 2007

Overview of the Basic Financial Statements

The Charlevoix Township Hospital Finance Authority's (Authority) basic financial statements include a Statement of Net Assets, Statement of Revenues, Expenses and Changes in Net Assets and a Statement of Cash Flows. These are all reported using the accrual basis of accounting.

Financial Statements

The Statement of Net Assets presents the Authority's assets and liabilities, within the difference reported as net assets.

The Statement of Revenues, Expenses and Changes in Net Assets presents information showing how the Authority's net assets changed during the most recent fiscal year.

The Statement of Cash Flows presents cash flows from operations, financing and investing activities. Additionally, non-cash transactions that have an effect on the Authority's financial position are also presented.

Notes to the Financial Statements

The notes provide additional information, which is essential to a full understanding of the data provided in the financial statements.

Financial Analysis

The table below summarizes the Authority's net assets as of December 31, 2006:

Charlevoix Township Hospital Finance Authority December 31, 2006

Assets		
Current	\$	812,615
Other		7,962,966
Total assets		8,775,581
Liabilities		
Current portion of bonds payable		812,615
Bonds payable not of current portion, etc.		7,962,966
Total liabilities		8,775,581
Net Assets		
Restricted for debt service	\$	_
1 tootholda for dobt ool vioo	<u>Ψ</u>	

Management's Discussion & Analysis February 2, 2007

At the end of the fiscal year, the Authority is reporting a zero balance for net assets restricted for debt service.

The results for the Authority as a whole are reported in the Statement of Revenues, Expenses and Changes in Net Assets, which is summarized below:

Charlevoix Township Hospital Finance Authority Year Ended December 31, 2006

Revenues Expenses	\$ 430,160 (430,160)
Excess (deficiency) of revenues Over expenses	-
Net assets - beginning of year	
Net assets - end of year	\$

As shown above, the current year balance was zero. The Authority relies on loan payments from the Hospital and Nursing Home to make the required bond payments. The Authority earns interest on these payments from the Nursing Home and Hospital until the bond payments are actually made. The Hospital is able to consider the interest retained by the Authority in determining its next required loan payment.

Economic Factors

The Charlevoix Township Hospital Finance Authority was incorporated for the purpose of acquiring, constructing, remodeling, enlarging, repairing, owning and leasing health care facilities. It was also incorporated to finance or refinance these activities and to lend money to a hospital for similar purposes. Currently, the Authority has two loans outstanding with Charlevoix Nursing Home and Charlevoix Area Hospital related to the Series 1993 and 2001 Bonds as explained in the notes to the financial statements. The Hospital and Nursing Home have been making its loan payments on a timely basis. The expectation is that these timely payments will continue to be made and the related bonds will be retired as intended.

Statement of Net Assets December 31, 2006

Net cash flows provided by operating activities	\$

The accompanying notes are a part of the financial statements.

Notes to Financial Statements For Year Ended December 31, 2006

Note A – Summary of Significant Accounting Policies

The Charlevoix Township Hospital Finance Authority, a governmental finance authority, was created as a corporate instrumentality in 1993 by Charlevoix Township of Charlevoix County under the provisions of the Hospital Finance Authority Act, Act 38, Public Acts of Michigan, 1969, as amended. The Authority was incorporated for the purpose of acquiring, reconstructing, remodeling, enlarging, repairing, owning and leasing health care facilities. It was also incorporated to finance or refinance these activities and to lend money to a hospital for similar purposes.

The accounting policies of the Authority conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of significant accounting policies:

- a. Loans receivable are carried at face value.
- b. The outstanding bonds payable are recorded as liabilities.
- c. Interest income is recorded when received. Interest expense associated with the bonds is recorded when cash is disbursed.

Note B – Bond Payable – Charlevoix Nursing Home Corporation

The Limited Obligation Revenue Bond (Charlevoix Nursing Home Corporation) principal and interest payments are due on the first day of each month in an amount sufficient to fully amortize the principal balance by June 1, 2013.

Under terms of the Loan Agreement between the Authority, Charlevoix Nursing Home Corporation and Fifth Third Bank of Petoskey, the Nursing Home has agreed to pay to the Bank at specified times amounts adequate to pay all debt service costs associated with the bond issue.

As of January 3, 2005 the rate of interest was changed to equal sixty-eight percent of the bondholder's current prime rate.

The Nursing Home has agreed to make such payments from its income available for debt service. Such income includes generally the excess of revenue, including investment income and gifts not restricted by donors, over expenses excluding depreciation, amortization, interest expense and certain extraordinary items. In addition, the Nursing Home has agreed to maintain its tax exempt status, continue to operate as a nursing home, to keep the nursing home facilities in good repair, and to limit incurrence of additional debt to specific amounts under certain conditions as defined in the agreement.

Notes to Financial Statements For Year Ended December 31, 2006

Note C - Bond Payable - Charlevoix Area Hospital - Series 2001

The Limited Obligation Hospital Revenue and Refunding Bond, (Charlevoix Area Hospital Project), Series 2001 principal and interest are payable on the thirteenth day of each month until November 13, 2016 when the remaining and interest balance shall be due.

Under terms of the Loan Agreement between the Authority, Charlevoix Area Hospital and Citizens Bank of Charlevoix, Michigan, the Hospital has agreed to pay to the Bank at specified times amounts adequate to pay all debt service costs associated with the bond issue.

The Hospital has agreed to make such payments from its income available for debt service. Such income includes generally the excess of revenue, including investment income and gifts not restricted by donors, over expenses excluding depreciation, amortization, interest expense and certain extraordinary items.

In addition the Hospital has agreed to maintain its tax-exempt status, continue to operate as a hospital, to keep the hospital facilities in good repair, and to limit incurrence of additional debt to specific amounts under certain conditions as defined in the agreement.

The bond is not a general obligation of the Charlevoix Township Hospital Finance Authority. Further, it is not a debt of the Township of Charlevoix, nor has the Township pledged its full faith and credit for payment of the bond. The bond agreement is written with an interest rate of 4.46 percent per annum through November 12, 2011. At that time, the rate shall be adjusted to equal 98 percent of the then current yield on U.S. Treasury Securities with five years remaining until maturity.

Each monthly installment of principal shall be calculated as that amount which would be payable for that numbered installment under a one hundred sixty five (165) month amortization schedule of even monthly payments comprising principal and interest, applying the Tax Exempt Rate in effect as provided herein (for payments due on the thirteenth day of each month through and including November 12, 2006 such amount shall be \$82, 219.60); provided that upon the adjustment of the Tax Exempt Rate as provided herein on November 13, 2011, the schedule of level monthly payments of principal and interest shall be recalculated based upon the principal amount of the Note then outstanding, the adjusted Tax Exempt Rate and the number of remaining months to the Maturity Date. Therefore, the amount of principal to be redeemed for the years

Notes to Financial Statements For Year Ended December 31, 2006

ended December 31, 2007 through February 12, 2016 cannot be determined at this time.

Note D – Loans Receivable and Payments Received Under the Bond

Payments required by the Nursing Home and the Hospital includes both principal and interest. Only the portion of the payments attributed to principal is applied against the loans receivable.

Payments by the Nursing Home on the bond for principal and interest are due on the first day of each month, and the Hospital's payment is due on the thirteenth day of each month.

Note E – Schedule of Indebtedness – Charlevoix Nursing Home Corporation

	Amount of Issue	Interest Rate	Annual Maturity	Outstanding at December 31, 2006
Limited obligation revenue bond (Charlevoix Nursing Home Corporation) Dated June 1, 1993	\$ 2,400,000	5.61		\$ 955,542

Commencing on January 3, 2005, the rate of interest was changed to sixty-eight percent of the current prime rate of the bondholder. Due to the floating rate schedule, the amount of principal to be redeemed for the years ending December 31, 2007 through December 31, 2013 cannot be determined at this time.

Notes to Financial Statements For Year Ended December 31, 2006

Note F - Schedule of Indebtedness - Charlevoix Area Hospital

	Amount of Issue	Interest Rate	Annual Maturity	utstanding at cember 31, 2006
Limited obligation revenue bond (Charlevoix Area Hospital) dated				
November 13, 2001	\$10,000,000	4.46	2007 2008 2009 2010 2011-2016	\$ 637,590 666,615 696,962 728,689 5,090,183
				\$ 7,820,039

On November 12, 2011, the rate of interest will be adjusted equal 98 percent of the then current yield of U.S. Treasury Securities with five years remaining until maturity.

The amount of principal to be redeemed for the years ending December 31, 2011 through December 31, 2016 cannot be determined at this time.
